Bruce Onofrey, OD, RPh

Bruce E. Onofrey, OD, RPh is a 1982 graduate of the Illinois College of Optometry and residency at the Albuquerque Veterans Administration Medical Center. He also has degrees in chemistry and Pharmacy. He recently retired from the Lovelace Medical Center Eye Dept after 25 years where he served as the Chief of Optometry and Vice-chairman of eye services. His most current position is as a clinical professor at the University of Houston and the Exec. Director of continuing education programs. His special interests include lectures in general and ocular pharmacology and clinical drug research.

Dr. Onofrey is a frequent contributor to ophthalmic literature. He is the current editor of "Clinical Optometric Pharmacology and Therapeutics", and the author of "The Ocular Therapeutics Handbook-A Clinical Manual", both published by Lippincott. He also serves as a contributing editor to "Primary Care Optometry News". He is an internationally recognized lecturer on the management of ocular disease and the use of pharmaceutical agents.

Katherine Bickle, OD

Dr. Bickle is a clinical instructor and PhD student at The Ohio State University College of Optometry. She is also in private practice at ProCare Vision Centers in Granville, OH. She graduated with a Master of Science in Vision Science and Doctor of Optometry degrees from The Ohio State University. While attending optometry school, she was awarded the National Eye Institute T35 research grant. Her master's degree research focused on children's visual performance objectively and subjectively with soft multifocal contact lenses. She completed a cornea and contact lens fellowship at the University of Houston College of Optometry. Dr. Bickle remains involved with clinical studies.

Richard A. Erdey, MD

Dr. Erdey is a cataract, corneal and refractive specialist. His training included an ophthalmology residency at North Shore Cornell Medical Center in New York where he was chief resident. During his Cornea Fellowship at The Ohio State University, he participated in the first Excimer PTK trials and subsequently co-directed the Cornea Research Laboratory at The University of Rochester where early clinical VISX PRK trials were conducted. He returned to Columbus in 1992, and is the founding partner and Medical Director at both the Erdey Searcy Eye Group and East Columbus Surgery Center. Dr Erdey was a clinical investigator for the Visian Implantable Contact Lens (ICL) and his patient was the first in Ohio to have this implant in 1998. He is a champion of targeted cornea transplantation and as an advisor to Central Ohio Lions Eye Bank helped bring DSEK, DMEK and Large-diameter DALK to Columbus. In 2014, he became the first in Central Ohio to perform Dropless cataract surgery which has since become the standard of care in his practice. In December 2018, he implanted the first Toric ICL in Ohio. Dr. Erdey has published numerous articles and lectures extensively.

Samuel Gallo, MD

Dr. Gallo is an Oculoplastic specialist practicing in Columbus and Central Ohio. He completed his Ophthalmology Residency at The Jules Stein Eye Institute at UCLA Medical Center. After a Fellowship in oculoplastics, Ocular Oncology, Orbital Diseases and Orbital Reconstruction at the University of Tennessee in Memphis, he completed an additional year in Oculoplastics, Orbital Diseases and Orbital Reconstruction. He specializes in eyelid, orbital, tear duct and cosmetic facial surgery and uses Botox for functional and cosmetic uses.
